Re: Mark A. Ames Easement Application

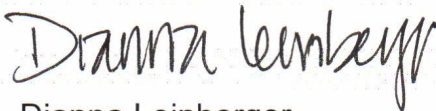

Dear Lawrence Murakami,

The Department of Natural Resources (DNR), Division of Mining, Land and Water (Division), has made a final decision on Mr. Ames' easement application to construct a road to his Olnes West subdivision parcel. You are being sent a copy of the decision because you submitted comments during the public comment period.

It is the Division's decision to not issue Mr. Ames an easement for his proposed route which would not utilize the legal platted, dedicated road easement or the reserved easements. Please see the enclosed regional manager's decision.

We would like to thank you for taking the time to comment and participate in this process. If you have any questions regarding this decision, please do not hesitate to contact me.

Sincerely,

Dianna Leinberger
Natural Resource Specialist II

Enclosure: Regional Manager's Decision
